### Off Campus Training Programme cum Input distribution

KVK West Khasi Hills had conducted Off Campus training programme cum Input distribution on “*IPM in Ginger*” for the farmers of Mawphanniew village under Mairang C & RD Block. The programme was conducted on 15<sup>th</sup> April, 2024 and 25 farmers were participated during this programme. The training programme covered lecture on disease and insect pests’ management of ginger using IPM approach. The programme was followed with technology demonstration on seed treatment using both biofertilizer and biopesticide viz., *Trichoderma viride* and *Pseudomonas fluorescense* procured from SBCL, Upper Shillong. The training programme was followed with input distribution to the farmers for technology demonstration in the farmers’ field.
