## Off Campus Training Programme cum Input distribution at Nongrang village

KVK West Khasi Hills had conducted two days Off Campus training programme cum Input distribution on “**Resource Conservation Technologies**” for the farmers of Nongrang village under Mairang C & RD Block. The programme was conducted on 24-25<sup>th</sup> July, 2024 and was participated with 30 farmers. In these two days, lectures and skill training were delivered to the farmers. The training programme covered many lectures on cultivation of millets, buckwheat, Jalkund, vermicompost production as well as demonstration on preparation of Jeevamruth. The training programme was followed with input distribution to the interested farmers for technology demonstration in the farmers’ field such as vegetable seeds, millet and buckwheat seeds, knapsack sprayer, silpauline and vermibed. The programme was very fruitful and it was really a beneficial to the farmers.
